

■ WHO WE ARE

DDN Pictures is an independent film, TV, commercial and documentary production company based in Los Angeles, California. It was founded in 2012 by Ornella Jaramillo and Christian Hernandez with the mission to create original content for multiple platforms and provide production services for foreign film companies who seek to shoot in the US.

■ ORNELLA JARAMILLO – PRODUCER

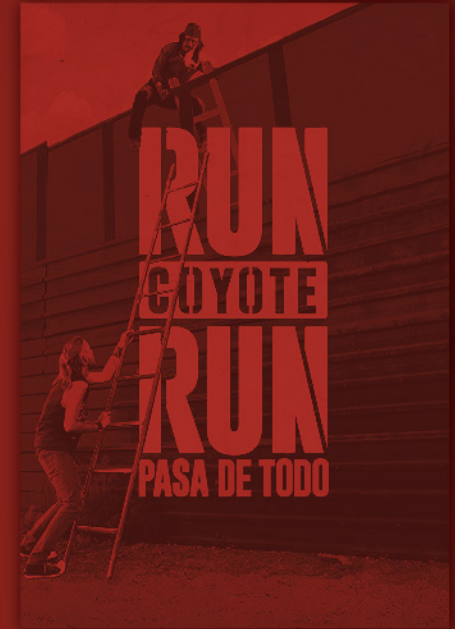

Ornella is a natural-born filmmaker with 15 years in the industry. During her career, she's headed a great variety of productions, ranging from independent films to monumental car commercials with union crew. She holds a B.A. in Communications from the renowned Instituto Tecnológico de Monterrey – Campus Querétaro, where she gladly returns once a semester as a guest professor.

■ CHRISTIAN HERNANDEZ – CREATIVE DIRECTOR

Christian is a storyteller with a background in Hispanic advertising and content marketing. Being from the US-Mexico border, and being able to write in both English and Spanish, enables him to write and create content for the American and Bicultural markets. It's a duality he embraces wholly. Above all, it's taught him the most important lesson: borders are only imaginary.
